Sodium	(act)	9.3	%	Vitamin D	(min)	195,000	IU/kg
Iron	(act)	5,500	mg/kg	Vitamin E	(min)	3,000	IU/kg
Iodine	(act)	250	mg/kg				

Mixing and Feeding Instructions:

For a complete grain ration, mix 964 kg of barley, 25 kg Molasses, 5 kg of limestone, 1 kg of Mag Ox 56% with 5 kg of the CHS Beef Breeder Premix. Feed the resulting grain ration at a rate of 1.0-2.0 kg per day to cows for 2 weeks prior to bull turn-out, and feed through the first two cycles, or longer depending on length of breeding season. Always provide access to fresh clean water, and adequate forage.

CAUTION: 1. Directions for use must be carefully followed.

2. Do not use this feed in association with another grain ration, supplement or premix containing supplemental selenium.

Do not feed to sheep.

DISCLAIMER: Individual results from the use of this product may vary due to management, environmental, genetic, health and sanitation differences.
